MODULE DESCRIPTION

This is a semester course which is built on the English skills and learning strategies acquired from the previous English training in the previous English courses (English III and English IV). The course aims to further advance students' abilities in two aspects: language skills and soft skills. Through engaging various types of course work including individual tasks, pair work, and project, the course is designed to advance and strengthen students' language competencies including receptive skills (i.e. reading and listening) as well as productive skills (i.e. writing and speaking). These languages skills will be practiced during the course and applied them to everyday applications. For the soft skills, the course also targets to help students develop four major skills, namely, critical thinking, independent learning, creativity, and communication, that are deemed essentially important to both tertiary and general education nowadays.

MODULE INTENDED LEARNING OUTCOMES (ILOS)

On completion of this learning module, students will be able to:

M1.	improve their listening by being immersed in English-medium lessons and drills of authentic materials.
M2.	apply the gist and skills in delivering speeches publicly with more confidence.
M3.	apply effective reading skills including skimming, scanning, and extensive reading.
M4.	produce different types of writing in both academic and everyday settings.
M5.	be more aware of applying proper grammar to their productive skills such as writing and speaking.
M6.	increase their volume of vocabulary and terminology and apply them to various topics as introduced in the learning materials.
M7.	practice the soft skills: critical thinking, independent learning, creativity, and communication.

These ILOs aims to enable students to attain the following Programme Intended Learning Outcomes (PILOs):

STUDENT FEEDBACK

At the end of every semester, students are invited to provide feedback on the learning module and the teaching arrangement through questionnaires. Your feedback is valuable for instructors to enhance the module and its delivery for future students. The instructor and programme coordinators will consider all feedback and respond with actions formally in the annual programme review.

ACADEMIC INTEGRITY

The Macao Polytechnic University requires students to have full commitment to academic integrity when engaging in research and academic activities. Violations of academic integrity, which include but are not limited to plagiarism, collusion, fabrication or falsification, repeated use of assignments and cheating in examinations, are considered as serious academic offenses and may lead to disciplinary actions. Students should read the relevant regulations and guidelines in the Student Handbook which is distributed upon the admission into the University, a copy of which can also be found at www.mpu.edu.mo/student_handbook/.
