MODULE DESCRIPTION

This course explores the basic areas of retail management: buying, merchandising, retail promotion, store location, store layout, credit management, and inventory control. It emphasizes on practical application of retail management principles.

Additional Information

This is a fundamental course to the student germane to retail management in contemporary business environment. The course of Retail Management will introduce to the student not just about the underlying concepts and theories, but also relevant practical skills for operating and managing a retail outlet. In general, the first part of the course will focus on illustrating the evolving nature of the retail industry. The second part of course will explicate a comprehensive introduction to all aspects of the state-of-the-art retailing and the basic elements of retail management and a retail organization's activities, so that the students will have a solid platform on which to prepare their group assignments on retail management and gain broader sense of the retailing industry operation.

MODULE INTENDED LEARNING OUTCOMES (ILOS)

On completion of this learning module, students will be able to:

M1.	Discern the evolution and trends of contemporary retailing industry;
M2.	Understand the specific nature of retailing in comparing with the other industries;
M3.	Apprehend the relevant pre-opening activities prior to the opening of a retail outlet;
M4.	Develop an in-depth understanding of the basic terminologies, concepts, and theories used in the study and practice of retail management;
M5.	Analyse, apply and integrate all the pertinent retail management concepts and theories to formulate a retail strategy for a particular establishment in order to fulfil one of the assessment requirements of this course.

These ILOs aims to enable students to attain the following Programme Intended Learning Outcomes (PILOs):

CILOs	Management Program PILOs	Marketing Program PILOs
1	6	1
2	1	1
3	1	7
4	1	1
5	2	2

STUDENT FEEDBACK

At the end of every semester, students are invited to provide feedback on the learning module and the teaching arrangement through questionnaires. Your feedback is valuable for instructors to enhance the module and its delivery for future students. The instructor and programme coordinators will consider all feedback and respond with actions formally in the annual programme review.

ACADEMIC INTEGRITY

The Macao Polytechnic University requires students to have full commitment to academic integrity when engaging in research and academic activities. Violations of academic integrity, which include but are not limited to plagiarism, collusion, fabrication or falsification, repeated use of assignments and cheating in examinations, are considered as serious academic offenses and may lead to disciplinary actions. Students should read the relevant regulations and guidelines in the Student Handbook which is distributed upon the admission into the University, a copy of which can also be found at www.mpu.edu.mo/student_handbook/.
