MODULE DESCRIPTION

In a society with increasingly globalized knowledge, it is crucial to equip students with digital skills that enable them to understand Information and Communication Technologies (“ICT”) as useful and effective working tools. It intends to explore the main concepts in the field of ICT in terms of both hardware and software. An introductory approach will also be made to some current technological tools that will give practitioners knowledge and ability in the manipulation of applications that maximize their productivity.

MODULE INTENDED LEARNING OUTCOMES (ILOS)

On completion of this learning module, students will be able to:

M1.	Understand the general concepts of hardware and software
M2.	Understand general concept of the internet and its applications
M3.	Use and format text documents
M4.	Understand and use worksheets
M5.	Create and customise documents for presentations
M6.	Understand the general concepts, application scenarios and social impacts of AI.

These ILOs aims to enable students to attain the following Programme Intended Learning Outcomes (PILOs):

PILOs	M1	M2	M3	M4	M5	M6
P1. Knowledge and skills of translation and interpreting in the areas of public administration, tourism, commerce and mass media;						

P2. Knowledge of translation theories, critical understanding of translation and interpreting;						
P3. Knowledge and skills of both Chinese and English as language professionals;						
P4. Knowledge of cross-cultural communication.						
P5. Master Chinese-English translation and interpreting skills, strategies and technologies;						
P6. Apply Chinese and English writing competence into translation practices;						
P7. Apply knowledge of languages and translation studies into bi-lateral translation practices between English and Chinese;						
P8. Apply strategies and techniques in public speaking, consecutive and simultaneous interpreting;						
P9. Gain cross-cultural awareness in translation and interpreting practices;						
P10. Obtain basic research abilities.	✓	✓	✓	✓	✓	✓

STUDENT FEEDBACK

At the end of every semester, students are invited to provide feedback on the learning module and the teaching arrangement through questionnaires. Your feedback is valuable for instructors to enhance the module and its delivery for future students. The instructor and programme coordinators will consider all feedback and respond with actions formally in the annual programme review.

ACADEMIC INTEGRITY

The Macao Polytechnic University requires students to have full commitment to academic integrity when engaging in research and academic activities. Violations of academic integrity, which include but are not limited to plagiarism, collusion, fabrication or falsification, repeated use of assignments and cheating in examinations, are considered as serious academic offenses and may lead to disciplinary actions. Students should read the relevant regulations and guidelines in the Student Handbook which is distributed upon the admission into the University, a copy of which can also be found at www.mpu.edu.mo/student_handbook/.
